GENERAL MISCELL BRANCH

N. Madhava Rao, Esq., B.A., B.L.,
Chief Secretary to the Government of His Highness
the Maharaja of Mysore, Bangalore

SIR,

I have the honour to enclose for perusal of Government a copy of a Notification by the Government of India modifying previous instructions regarding the Imperial Tables to be compiled at the present Census with a view to curtail expenditure.

2. The changes indicated are:-

(1) the omission of tables X, XII, XIII, XIV and XVI;

(2) the omission of district details in Table VI;

(3) the selection of only important castes for Tables XV and XXIII;

and (4) the omission of Table XXII as a separate Table.

3. Regarding the omission of Tables X, XIII, XVI and XV, the compilation of which was optional from the Imperial Tables for the State, I have obtained orders of Government previously. (Vide Government Order No.G. 1093/Census 41-30-2 dated the 2nd April 1931). Table XII was at first stated to be optional and I proposed its retention. The Government of India now direct the omission of this Table and of Table XIV. [They may perhaps be both omitted in the State also Table XIV relates to Organised Industries. As we have collected information regarding these and Rural and Cottage Industries separately and this will be tabulated, the Imperial Table regarding industries may be omitted without harm.]

4. Birth Districts in the State and a small number of districts in the neighbouring provinces have been previously shown in our Tables. Sorting has been done for districts for all States and Provinces in India with a view to give these States and Provinces district details

of immigrants from them to our State. Migration from district to district within the State is generally between neighbouring districts and mostly of a temporary character. Migration from outside the State is also largely from the neighbouring districtsof the Madras and Bombay Presidencies. - Sorting for all the districts at this Census will in all probability confirm the conclusions of past Censuses. The supply of district details for immigrants from other States is now not required. The tabulation of these districts may therefore perhaps be omitted. This will save some expense. The information regarding the districts in the State and the adjoining districts of Madras and Bombay Presidencies would, however, be of interest and would provide figures of immigration for comparison with those stated obtained at the last Census. In the circumstances we may perhaps sort for the districts of the State and of Madras and of Bombay Presidencies only, and not for other States and Provinces.

5. Regarding the selection of 33 castes for all the Tables in which castes are to be shown and of sects among Christians, I have submitted proposals. (Vide my letter No. 2843 dated the 24th March 1931) Table XXII may, as decided by the Government of India, be omitted and the details for the six groups above mentioned shown as additional information at the beginning of Table XXI.

6. Orders of Government may kindly be obtained approving of the omission of Tables XIV and XII, omission of district details in Table VI, except for the State, and Madras and Bombay Presidencies, and the selection of castes of Hindus and sects of Christians for Imperial Tables as previously proposed and the omission of Table XXII as a separate Table.

I have the honour to be,

Sir,

Your most obedient servant,

M. Venkatesalyengar

CENSUS SUPERINTENDENT.

GOVERNMENT OF INDIA.

HOME DEPARTMENT.

*Simla, the 30th April 1931.*

RESOLUTION.

As a measure of economy it has been necessary to curtail expenditure on the census. After careful consideration the Government of India have decided that the most effective method of doing so without unduly impairing the utility of the census operations is to curtail the statistical output. It has therefore been decided that of the tables prescribed in the Home Department Notification No. F. 45|2|29-Public, dated the 31st July 1930, for recording the results of the census of India in 1931, Tables X, XII, XIII, XIV and XVI should be abandoned and Tables VI, XV, XXII and XXIII should be modified as follows :—

*Table VI.—Birth-place.*—Statistics of internal migration between one district and another within a Province will only be tabulated if the Local Government consider the information of primary importance. Statistics of external migration will be given by Provinces only instead of by districts except in special cases where there may be some particular reason for requiring figures for immigration from a certain district outside the Province.

*Table XV.—Occupations of selected castes, Part I.*—This table will be abbreviated to show the minimum number of castes by occupation which each Province considers necessary.

*Table XXII.—Christians by sect and race.*—This table will be abandoned as a separate table and figures for Roman Catholics, Syrians (in two classes) and others given in the form of additional details to Table XXI.

*Table XXIII.—Race, tribe or caste.*—This table will show the statistics of only those castes which are of importance in individual Provinces, which will be co-ordinated as far as possible for India as a whole, and for all the castes specially selected for Tables VIII, XV, XIX and XXIV.

The tables have been renumbered as follows :—

Tables I to IX as before.

Table XI becomes table X.

Table XV becomes table XI.

Table XVII becomes table XII.

Table XVIII becomes table XIII.

Table XIX becomes table XIV.

Table XX becomes table XV.

Table XXI becomes table XVI.

Table XXIII becomes table XVII.

Table XXIV becomes table XVIII.

Table XXV becomes table XIX.

Table XXVI becomes table XX.

Tables X, XII, XIII, XIV, XVI and XXII disappear.

ORDER.—Ordered that a copy of this resolution be forwarded to all Local Governments and Administrations for information and guidance, and that a copy be forwarded to all Departments of the Government of India and to the Census Commissioner for India.

Ordered also that the resolution be published in the Supplement to the *Gazette of India*.
